CANTION -- These records have been transcribed and arranged from two sources; a manuscript at the Spaulding Memorial Library at Athens, and a partial list of inscriptions that was printed in the Boston Transcript of 7 July 1909. There are many inaccuracies in those lists, and I have held them a long time in the hopes that I could verify them from the actual grave-stones, but not having been able to do so, I have transcribed these records as they are, for such help as they may be. Some day I hope to have the opportunity to correct them, and will then furnish a new list to replace this one.
